General Index 1986

Anaerobic sealing — a casebook: *P.S. Clough and T.R. Baldwin* 127
Automation of gas holders the Southern Gas way: *R.F. Rowe* 226
Birthday Honours 208
CHP — an energy efficient solution: *W.R.H. Orchard and J.A. Macadam* 34
CHP and process integration: *A.R. Eastwood and B. Linnhoff* 56
Customer Service — a moving target: *D.J. Hider* 148
Customer telemetry — more than a remote possibility: *A.J. Miles and N.G. Moore* 2
Dealing with dust: *N. Howard and M.A. Wise* 182
Development of a novel electrofusion system: *R.G. Williams* 43
Diary 19, 51, 83, 115, 275, 307
Endoscopes for gas distribution 52
Engineering the North Sea connection: *G.F.I. Roberts* 13
Environmental Digest No 13 236
Factors associated with North Sea operations: *A. Gerrity* 237
Gassing about gas: *R. Malpas* 194
Gas response to technological challenge in a changing market: *C.H. Brown, D.T. Heslop and R. South* 290
Heritage 22, 86, 244, 270, 311
How engineers can prepare for the future: *K. Miller* 130
IGE News 15, 47, 79, 111, 143, 175, 207, 239, 271, 303
Information technology in British Gas: *R.A. Laidlaw* 172
Innovation in pipeline pig tracking techniques: *R.C. Brown* 119
Institution at work 215, 233
Membership changes 26, 78, 118, 211, 302
Model Consultative Procedure for pipeline construction involving deep excavation: *M. Howe* 312
Natural gas in the baking industry: *R. Proffitt* ... 88
New lamps for old: *P.S. Clough* 180
New Ordinary Members of Council 144
News from Industry 54, 86, 116, 276, 300
New Year Honours 15
Obituary 209, 272, 306
Opportunities for a new generation of high efficiency gas boiler: *M. Searle and A.R Shiret* 200
People 17, 49, 80, 113, 210, 240
Pembroke 1986 — Total service 207
President 1986-87 143
Presidential Address — Maintaining the balance: *G.S. Cribb* 162
Presidential Address to the London and Southern Gas Association: *D.D. Jones* 134
President's New Year Message 15
Regional Grid Control System: *I.G. Cave, M.A. Luckett and A.D.N. March* 258
Research and development: focus on ERS and OLIC 234
Review of some recent R&D for transmission engineering in British Gas: *N.A. Townsend* 98
Safe systems for gas: *H.T. Lockwood* 27
Safety aspects of gasholder demolition: *D. Ormerod* 232
Student Architects design energy efficient national gas museum 269
Supply strategy planning: *S.J. Lightfoot* 283
Systematic contracting: *I.L. Voller and J.H. Clarke* 216
Unusual incidents 243
Vacuum drying of pipelines: *D.W. Gormley* 23
Vice-President 1986-88 143
What's happening at LRS or keeping leaks under control: *K.E. Arnold* 67
